

MODIGUARD®  
DecoCristal

REFLECTING BEAUTY  
AND BRILLIANCE  
IN EVERY CREATION

# HOW DECOCRISTAL COMPLEMENTS YOUR PERSONALITY

With impeccable finish, MODIGUARD® DecoCristal brings you the perfect coloured glass for your interiors. Suitable for various applications, the product has intense brightness and allows seamless application providing a sophisticated ambience. Its bright, opaque, highly reflective colour adds a bold statement to any work or living space. DecoCristal is cut to size during fabrication, making it ideal for projects, large and small. Enhance your designs with saturated, rich colours on decorative surfaces, doors, walls and partitions. Explore all the possibilities DecoCristal can add to your space.

# ADD A STRIKING STATEMENT TO YOUR SPACE WITH TWO ICONIC CONTRASTS

Most people see the world in colour. However, the origin of every shade formation on your colour palette stems from a white or black pigment. In fact, these pigments have a black and white style tonality that has the power to transform and add an aura to a space like no other. MODIGUARD® DecoCristal offers products in these two mesmerising shades, i.e Ice White and Deco Black which can make heads turn and leave an impact on its audience.
